raised to its further consideration, by Mr. Pickett, it was laid over under the rules. Before this fact had fairly been announce ed, Col. Caldwell moved to take up the ordinance providing rules and regulations for the government of the police and fire departments of the city. This motion prevailed. About one month ago this or dinance was read once and objected to.

Last night the opponents of the measure
were in a decided minority, and this was
taken advantage of by the friends of the

The members present when the Branch came to order were, Butts, Caldwell, Clator, Gilleland, Gruse, Harrell, Healy, Hildreth, Jaeger, McCoy, Peterson, Pickett, Shanley, Fracy, Waterhouse, Weir, Weisgerber and Yann. On motion of Mr.Tracy, Mr. Hildreth presided. As soon as Clerk Eowers started to read the long ordinance, both sides commenced telephoning and sending out messengers for absentees. The cierk read at a 2:40 gait, but it was not fast enough to suit the friends of the measure, and was too fast for the opponents.

Mr. Delbrugge put in an appearance be fore the reading was over, and voted against it. Mr. J. B. Crawford, who is

fore the reading was over, and voted against it. Mr. J. B. Crawford, who is a friend of the measure, arrived too late to vote, but it had been passed by a majority vote anyhow. The vote on its final passage was 11 to 9. It will require another majority vote to pass it in this Branch. When Mr. Shanley voted in favor of the ordinance, Mr. Harrell objected and raised a point of order. He read section 22 of chapter 6 of the charter of the city, which provides that no member of any council of any city, town or village shall vote upon any order, measure, resolution or proposition in which he may be interested, other than as any other citizen. He claimed that Mr. Shanley, as clerk of the Police Board, was interested. Ar. Harrell was ruled out of order, A half nour's time was taken up after the Branch was called to order by the reading of lengthy minutes. Then the Finance Committee, report with the sur-

reading of lengthy minutes. Then the Finance Committee's report with its suggestions about reform in the management of the City Prison, as printed in yesterday's paper, was read and adopted. Then the appropriation ordinance was read.

SOME CHANGES. The ordinance differs somewhat from the one originally drawn up to be present ed, the provisions of which were publish ed in yesterday's INTELLIGENCER. The

ed in yesterday's Intallonces. The Finance Committee after preparing its report and the ordinance, ordered them printed. This was done and it was not until this was done that it was discovered that several things were missing in the ordinance. Accordingly the committee neld another one of its secret sessions Thursday night, made the additions and ordered a fresh supply of phamplet copies. The additions and changes, at least the important ones, were made to that part of the ordinance providing how the Board of Public Works shall expend the proceeds of the 10 centlevy fund estimated at \$16,000 and its appropriation of \$53,081 made by the Board, which includes among other items the Board's contingent fund—the proceeds of rents from city scales, fine he proceeds of rents from city scales, fine and costs imposed by the police court, and the revenues from the markets and wharves—which the existing ordinance prescribes shall be used for contingen

expenses only.

The portion referred to, after the changes were made and as reported to Council, prescribes that in addition to the work before ordered by the committee the Board shall, out of the \$53,081, pave the Stamm House alley west of Main street at a cost of \$600, and shall cover with gravel North Front street, from its northern terminus southward to Zane street; and tias fill up with gravel to grade, South York street between Zine street and Vir-ginia street; and also gravel South Fron-street from Virginia street to the Fair

THE TELEPHONE ORDINANCE.

One or two resolutions of minor importance were considered and disposed of, and then the ordinance passed by the First Branch at its last meeting granting certain ten year privileges to the Telephone company was taken up. By that ordinance it was agreed that the company should rent telephones to the city for \$15 per annum instead of \$30 to \$50 as at present, and furnish a private central exchange when desired, and the city was not to distrub the ordinance granting it the right to erect poles and wires for ten years. This Branch amended by making years. This Branch amended by making

the term five years.

In the First Branch the absentees were In the First Branch the absentees were Measrs. Gavin, Myles and McGregor. Mayor Grubb presided. About the only matter of importance transacted was the concurring with the Second in the adoption of the Finance Committee's report. The Branch was not called to order till vo'clock. Both branches adjourned at 9:30 o'clock.

WILL NOT ACCEPT IT.

perintendent Merzger, of the Telephon Company, on the Ordinauce.

An INTELLGENCER reporter interviewed the General Manager of the C. D. & P. Telephone Company at Pittsburgh over the wire last evening, after the adjournment of Council, for the purpose of ascertaining whether the company would accept the new telephone ordinance if the amendment adopted by the Second Branch last evening limiting the time the com-pany is to be allowed to maintain its poles and wires undisturbed, to five years, should

pany is to be answer to mannant in poles and wires undisturbed, to five years, should prevail.

Mr. Metzger replied that he was very certain that the company would accept no such proposition. He said: "The special committee made the proposition to us that we give the city what telephones she might want for the next ten years at \$15 per annum for each and a private central police and fire system when wanted, and it in return, for a period of ten years, would not disturb our poles and wires already up, and would allow us to erect what others we might desire, subject to the direction of your Board of Public Works. The aity was to promise in addition not to disturb any of the provisions of our ordinance for ten years. We asked that the rate be \$25 per annum; that was refused and we finally acceded to your committee's request. By it the city would save in ten years about \$6,000, figuring on our regular rates for telephones, or over \$4,500 m, the rate at which the city we had to the contraction of the provision of th

A QUIET MEETING

of one of its meetings. The Board, without an exception, is much incensed by the course the Finance Committee has taken, and talked yesterday without reserves. We save on Objections—The Police and Fire Board Rules Forwarded one important Step — The Telsphone Law.

The special meeting of Council last evening to consider the report of the Finance Committee is the grossest kind of an insult to the Board, and one that we propose to resent very strongly. We do not think that the ordinance will pass with any such provisions in it as the Finance Committee and the annual appropriation ordinance, was not very well attended by members and the lobby was small. The ordinance was introduced in the Second Branch, read once and objection being raised to its further consideration, by Mr.

The act of the Legislature creating this Board save that it shall supervise the

mess as the former board, of the terming at all.

"The act of the Legislature creating this Board says that it shall supervise the execution of all contracts and the disbursement of all moneys for, or upon the sewers, streets and alleys. The restraining ordinance says that this Board has the power to make contracts under our rules and regulations for the expenditures within the year, without control by Council's the ordinance reads, of amounts not to exceed in the aggregate the total amount designated by the annual appropriation for the department. for the department.
"In the face of all this, the committee

"In the face of all this, the committee does what it has no earthly business to do. Why did it not specify how the money of the gas works should pe spent, or that of the water works? It might have done so with just as much propriety. But no! this Board was singled out and for some unknown and unexplained reason. We not in our estimate when the other deput in our estimate when the other de-partments did; it was similar to the one put in last year, but it did not suit the Finance Committee. It must have details, and we gave them an estimate like this.

A copy is here given:

SECOND WARD t of 10c lovy fund—Paving Chapline a-reet rom Eleventh to Market alley.....

'Not satisfied with that, the committee dishes up its ordinance. A comparison of the figures in it and our estimate shows that the committee does not know what is the figures in it and our estimate shows that the committee does not know what it is trying to have done. I venture to say that not one of that committee is competent to figure out what it would coek to say a square of paving or 100 yards of sewer. It allows \$10,000 for the extension of the Eoff street improvement—\$4,000 less than it can possibly be done for. It specifies vitrified blocks in cortain cases, putting want the merry of the Baird-Campbelling at the merry of the Baird-Campbelling.

vitrified blocks in certain cases, putting us at the mercy of the Baird-Campbell-John Porter monopoly.

"To tell the truth, we think that the committee's ordinance is drawn in the interests of that concern. The ordinance provides for work that there is no necessity for having done this year. It makes no provision for curbing or sewers, and toys with the contingent fund as though there was no such thing as street cleaning and contingencies, and as though the Board had no control over that fund.

"The whole thing is an imputation on

had no control over that fund.

"The whole thing is an imputation on the Board's honesty. If this Board is no longer competent to manage its affairs, it might be well enough for the committee to take charge and run it all. Why are we made a target? How have we depreciated since last year?"

Another said: "The worst feature is the lack of bravery and manilness shown by the committee when it provides punishment for our clerk, if he does certain things which he would only do acting under our orders, and leaves us without any panalty tanging over us. We want a like der our orders, and leaves us without any penalty hanging over us. We want alike penalty provided for us; we might then have an opportunity to test the validity of certain ordinances and acts. The ordi-nance presented is really laughable when one considers what the committee aveacts to have done the money that expects to have done, the money that would be required to do it and the amounts appropriated."

In spite of a chilly rain, the Opera House was crowded at the malinee yesterday, and though the weather was still disagreeable another good house gathered last evening to see Prof. Crocker's educated horses perform. The military drill of these horses is widely commented upon as a marvel. They go through all the intricate evolutions, march by twos and fours, by company front, about face, to the right or left from either flank, right oblique position, right and left dress, and generally or left from either flank, right oblique posi-tion, right and left dress, and generally conduct themselves like regular soldiers. It is claimed the horses understand over 100 different commands. They know each other's names, seem to enjoy the perform-ance and acknowledge the applanes of the audience by bowing. The performances this afternoon and evening will be the last chances to witness this novel and last chances to witness this novel and pleasing entertainment.

"In the spring the young man's fancy lightly turns to thoughts of love," but persons in middle age whose powers are weakened by blood taint and corruption, get satisfactory results from the use of Warner's safe cure.

Oriental Lodge, K. of P., composed al-most entirely of South Side residents, paid Alpha lodge a very pleasant fraternal visit at the latter's lodge room, in Odd Fellow's block, last evening. The spacious hall was well filled with the members of both lodges, and the time was passed in a profitable and enjoyable manner. Mr. J. A. Metcall, Dictator of Alphalodge, delivered a cordial address of welcome; an exemplification of secret work was given by Mr. J. C. Morrison; Mr. T. A. Hall spoke interestingly of the obligation of the third degree; Mr. O. G. Soofield sang with good effect two or three bass solos; Mr. W. M. Botsford gave a violin solo, Mr. A. L. Downs an organ solo, and Mr. Botsford gave a solo for which Mr. Downs furnished an organ accompaniment. Mr. F. P. Jepson read entertainingly and Prof. F. H. Orsgo, of Oriental Lodge, delivered a fine recitation. The programme was much enjoyed throughout. At its conclusion, reireshments and cigars were served by Alphalodge. All considered themselves fortunate in being present. visit at the latter's lodge room, in Odd

SOMETHING WHEELING NEEDED supplied by an Enterprising Firm-A Credit to the City. For some time the need of something

more modern and elegant than the ordi nary old fashioned hearse has been felt by people of this community, and recently progressive firm took steps to supply this want. Messrs. Frew & Bertschy, the well known furniture dealers and undertakers, yesterday received from Eavenna, Ohio, a superb funeral car built to their order by Merts & Riddle. This car is the latest in atyle and the most elegant in finish yet designed. It attracted general attention yesterday when being removed from the train. A specially selected team of matched black horses has been purchased for it. It has a handsome crest, and also an adjustable cross and crown top. This places the firm in the lead among Wheeling undertakers—if, indeed, they had not been already in the lead. Mr. Bertchy, of this firm, is an educated undertaker, and skilled in arterial embalming and the preservation and care of the dead. The firm has in stock the latest things in burial caskets, one copper lined known furniture dealers and undertakers the dead. The firm has in stock the latest things in burial caskets, one copper lined metal casket, covered with black broadcloth, in an outer box of finely finished cedar, being particularly elegant. Draped caskets, solid metal or zinc lined caskets of latest designs, are also shown. In short, the firm has a stock, not only in the undertaking department, but in the general furniture line as well, worthy of a loouse that aspires to lead. A call at their handsome storeroom, 1117 Main street, will well repay all. will well repay all.

taking her out when completed.

The Louis A. Shirley is to-day's packet from this point for Cincinnati. She arrived in port last evening a few hours late, owing to low water and big business. Her hour of departure is 3 o'clock. The Shirley is a first class packet with clever and competent officers, and her clerks are those popular gentlemen Dan Lacy and Charlie Reeves. The steamer has ample passenger and freight accommodations and is a safe carrier.

Best John Hattery died at his home in Bellaire Thursday night, in the 83d year of his age, having passed his 82d birthday last October. For some time he has been quite ill with general debility consequent upon his advanced years after a life of hard study. He came to Bellaire early in the fifties, and in 1856-57 taught an academic school. He had passed the prime of life then, and never had a charge as pastor during his life, choosing rather the vocation of teacher. The degree of Doctor of Divinity was conferred upon him at Wilmington University, in Delaware, thirty years or more ago, and his life was such as to never bring reproach upon him or his profession. He was the oldest member of St. Clairaville Presbytery, following closely the late yenerable Benjamin Mitchell in point of years. Donth;of Rev. John Hattery Miss Unmden's Bridesmaids.

Of Harness, Saddies, Brushes, Whip Trunks, Satchels, &c.

We are now having a clearance sale for We are now having a clearance sale for a few days only of everything in our line, in order that we may make room for some improvements in our store room, after which we will show you a larger and better line of goods than can be found in our city or any of the larger neighboring cities. Our goods have stood the severest test possible and have always proven satisfactory, as our increasing trade will testify. Come to the grand clearance sale, which, will only be for a few days at Schweetfeger's, 1146 Main street.

been in commemoration of the heroes of the war for the Union, and written for "Mo morial Day." Conspicuous among these war for the Union, and written for "Memorial Day," Conspicuous among these, are Mr. Calleott's soprano and quartette "Hymn of Peace," Collin Coe's mixed quartettes, the one "Heroes Beloved," the other, "Honor to the Nation's Dead;" Mr. Cartwright's quartette "Still Remembered," Mr. Lesite's quartette for male voices "Comrades Sleep, Softly Sleep;" Collin Coe's male quartette "We Gather Here with Reverence: "solo and chorus, "One Flag, One Country Still," and Herbert Leslie's Duet for soprano and alto, with chorus for mixed voices, "The Flag They Loved so Well." These are published by Oilver Ditson & Co., Boston, who will send the pieces just named to any reader of the Intelligences for filty cents.

STONE'S CASH SHOE STORE. Deserved His Fate. NEW ORLEANS, May 7 .- A special to the Times Democrat from Anton, Miss., says: Last night a negro entered the house of Last night a negro entered the nouse of W. N. Bledsoe and attempted a criminal assault on his 14 year old daughtet. He was identified as one Chambers, arrested and locked up. A meeting was called at the court house to determine what should be done with Chambers if found guilty. They examined the negro and found him guilty by a jury of leading citizens. Chambers was taken from jail to-day by a number of citizens and hanged.

In Forbidden Waters. HALIFAX, N. S., May 7.—Two or three American fishing schooners have appeared in the basin at Digby within the past day or two, for the purpose of buying bait. In respose to a telegram the Governmen steamer Lansdowne went there this morn
